

KIOSK "KOUTER" – GHENT – BELGIUM

On the "Kouter" square in the centre of Ghent, there is a cast iron kiosk dating from the end of the 19th century, built according to a project by the architect of the city of Ghent Adolphe Pauli in 1878. In 1998 it was protected with **ZINGA** by the company IBT (Oosterzele), and then completed with a PU topcoat.

System:

ZINGA 1 x 60 µm DFT
+ PU topcoat

20 years later, in January 2018, a visual inspection by Zingametall showed no corrosion spots and almost no defects.
