

## “DULLE GRIET” Cannon – GHENT CITY - BELGIUM

Pictures of the cannon named “Dulle Griet”, located in the centre of Ghent, and built in 1431. It never served because it was too heavy to handle. The 12.5 ton cannon has been restored and protected with **ZINGA** in March 2000.

After the **ZINGA** application, the cannon has been topcoated with a red paint, because red was its original colour in the 15<sup>th</sup> century.

### System:

ZINGA 1 x 60 µm DFT

Red topcoat
