

KENYA PORTS AUTHORITY – DOCKYARD – KENYA

The Port of Mombasa is the Principal Kenyan seaport and comprises of Kilindini Harbour and Port Reitz on the Eastern side of the Mombasa Island and the Old Port and Port Tudor north of the Mombasa Island.

KPA has its own Dockyard with slipways and workshop facilities for repairing KPA marine craft

In 2015, the structural steel beams of the KPA Dockyard were treated with ZINGA to protect the steel from corrosion in the harsh marine environment.
