PAYMAN HOJEDK Co.

To: General Manager of TEHRAN HARA Co. (Distributor of Zinga in Iran)

Hereby we inform you that this company used ZINGA coating product for the execution of different projects in South Iran, especially in CHABAHR. "This product is meant for galvanisation and cathodic protection of metallic framed structures. Moreover, ZINGA is also the best cover for reconstruction of damaged hot-dip galvanised surfaces in order to avoid corrosion."

System:
ZINGA 1 x 40 µm DFT
